149TH The Open

Royal St George's

Royal St George's has a unique place in golfing history. Set amidst the undulating dunes of Kents coastline, it was here - in the Garden of England - that the open was first played outside scotland in 1894.

The club's distinctive, thatched shelter huts date back to that time. They lend a charming air, but don't be deceived - this is a links of great complexity. Every hole runs in a different direction and crosswinds race over most of them.

This will be the 15th time the Royal St George's has hosted the Open, with legends as Sandy Lyle and Greg Norman both previous winners. The most recent champion to lift the Claret Jug here was Northern Ireland's Darren Clarke in 2011.

The Open

The Open Championship, often referred to as The Open, is the oldest of golf tournament in the world and one of the most prestigious. The tournament was founded in 1860 and was originally held at Prestwick Golf Club in Scotland, before evolving to rotate around a number of golf courses, always located on the coast. The competition is organized by The R&A, which has also appointed GO Sport Travel as their Scandinavian Authorized Hospitality Provider.

The Open is one of four "Major's", with the others being the Masters Tournament, The PGA Championship and the US Open. Since 2019 The Open has been the last Major tournament of the year, and is played in mid-July. The competition is called "The Open" as it is open to both professional and amateur golfers. The best amateur players in the world can play The Open by invitation or qualification only.
