The 151ST Open Royal Liverpool

Little could Willie Park Sr and Old Tom Morris have imagined what The Open would become when they played in the first championship at Prestwick in 1860, with a starting field of just 8 players.

This year the competition will be played at the Royal Liverpool facility, which lies at the heart of golf history and hosted The Open in 1897, where legends such as Bobby Jones and Tiger Woods lifted the Claret Jug.

The world's greatest players will take part to try and win the coveted Claret Jug.

The Open

The Open Championship, often referred to as The Open, is the oldest of golf tournament in the world and one of the most prestigious. The tournament was founded in 1860 and was originally held at Prestwick Golf Club in Scotland, before evolving to rotate around a number of golf courses, always located on the coast. The competition is organized by The R&A, which has also appointed GO Sport Travel as their Scandinavian Authorized Hospitality Provider.

The Open is one of four "Major's", with the others being the Masters Tournament, The PGA Championship and the US Open. Since 2019 The Open has been the last Major tournament of the year, and is played in mid-July. The competition is called "The Open" as it is open to both professional and amateur golfers. The best amateur players in the world can play The Open by invitation or qualification only.
